

Dear Friends,

This year I will be participating in the 15th Annual Walk for Thought to assist the Brain Injury Alliance of Wisconsin in shining a light on the hidden epidemic of brain injury. Will you help me by supporting me in this vital cause?

About 1.7 million people are affected by brain injury each year in the United States, including about 45,000 here in Wisconsin. Many of these people have their lives upended, all from a bump on the head.

If you would be willing to support me as I walk to support those affected by brain injury, you can go here <http://events.eventzilla.net/e/15th-annual-biaw-walk-for-thought-and-picnic-2138957684> and click on the Make a Donation/Support a Walker option.

Thank you for supporting me and this important event!

Sincerely,
Your Name
